2. **Approval of Agenda**
3. **Old Business**
 - Review of proposed truck route
4. **New Business**
 - Discussion of additional vehicular signage
5. **Other**
6. **Adjourn**

Streets and Utilities Report
28 May 2024

Item Title: Truck Route

Prepared By: Jean Petti

Activity to date:

Following October Streets and Utilities meeting, staff inquired of VDOT as to the feasibility of establishing a truck route rather than truck length restrictions.

VDOT has accepted the request and submitted the proposed sign package for Town review and comment

Jean,

Assuming the Town wants to move forward with no changes, I estimate the signs could be installed within approximately 3 months. Signs generally take about a month to fabricate once ordered; installation could take up to another one to two months depending on weather and workload. However, the Central Sign Shop generally closes for the month of July for inventory which could extend the installation time to up to a total of 4 months.

Streets and Utilities Report
28 May 2024

Item Title: Vehicular signage

Prepared By: Jean Petti

Activity to date:

Discussion of additional signage to direct trucks

- 1) Exiting Josephine Street to turn south on S. Church Street
- 2) Exiting Jack Enders Blvd to turn east on E. Main Street
- 3) Other(s) as identified by committee members and/or staff
